

**Friends of Leadbeaters Possum  
Lake Mountain  
Supplementary Feeding Program  
Wednesdays and Weekends (Saturday or Sunday)  
From May – November - 2010**

FLBP have been asked by Parks Victoria to assist with supplementary feeds to the remaining Leadbeater's Possum survivors from the February 2009 bushfires. The habitat at Lake Mountain was seriously affected by these fires and has not significantly recovered to ensure an ample food supply for the possums over the more extreme weather that winter can bring in these alpine areas.

A minimum of 2 FLBP volunteers are needed for each day's activities to deliver the required nectar to feeding stations at designated locations on Lake Mountain. This is a daytime activity and requires volunteers to have a medium to high level of fitness to walk or ski if there is sufficient snow, the circuit is approximately 10 kilometres return. Ladders do not need to be carried as they will remain at the feed stations.

All training and observations that might be expected will be provided at the start of the season. At least one volunteer with a "Working at Heights" ladder training are required to deliver the feed into the raised feeding stations. Your observations will be recorded and added to an ongoing monitoring program for supplementary feeding Leadbeater's Possum.

Where to go:  
Gerraty's Carpark Lake Mountain.  
The feed will be kept at the Lake Mountain Resort.  
Entry to the park is free, but your car registration needs to be recorded with the Volunteer Feeding Fieldwork Coordinator/s (details following page) prior to days attendance.

One in and one out...

Come Join us

### What to bring:

- Parks Victoria will provide capacity for registered participants to hire snow chains, snow shoes or skis at no cost to volunteers
- Clothing for cold, possible rain or snow weather
- Sturdy boots, snow shoes or skis to be hired dependant on snow depth
- Map of route
- Nectar feed
- Sunscreen if sunny
- Lunch, water and/or other snacks for the day
- Camera as required

### RSVP with your interest to register on the schedule:

Maureen Cochrane or Rebecca Cochrane - Volunteer Feeding Field Work Coordinators  
Try Maureen first!

Maureen:

M: 0418 173 164

H: 59671639

E: mysticpark1@bigpond.com

Rebecca:

M: 0417 113 077

H: 5964 6442

E: rebecca.cochrane@bigpond.com

Note:

- Extreme weather could cause last minute cancellation due to track/road closures.
- Try to car pool with volunteer/s that you will be working with
- All volunteers must have FLBP "fieldwork" membership to cover your insurance going into the field. For more information on how to become a member or update your membership to include "fieldwork" go to:

[www.leadbeaters.org.au/membership](http://www.leadbeaters.org.au/membership)

Please allow 2 weeks for us to process your membership before you go into the field.

For more information on volunteering with FLBP or other ways to assist the ongoing survival of Victoria's faunal emblem visit: [www.leadbeaters.org.au](http://www.leadbeaters.org.au)
