- (a) has had objects or purposes that included the protection or conservation of, or research into, the environment; and
 - (b) has engaged in a series of activities related to the protection or conservation of, or research into, the environment.
2. The Respondent (VicForests) is a State body established in 2003 under s 14 of the *State Owned Enterprises Act 1992* (Vic).

VicForests functions

3. The principal function of VicForests is to undertake, on a commercial basis, the sale and supply of timber resources in Victorian State forests.
4. As part of the principal function of VicForests identified in paragraph 3 above, VicForests plans and conducts, from time to time, ~~the logging of~~ forestry operations in specified areas of Victorian State forests.
5. One of the areas of Victorian State forest in which VicForests plans and conducts forestry logging operations is the part of Victoria designated as the Central Highlands Regional Forest Agreement Area (the CH RFA Area).

Timber Release Plan for the Central Highlands RFA Area

6. In January 2017, VicForests prepared an “Approved Timber Release Plan Change” (the **Timber Release Plan**), which identified, by map, schedule and coupe number, areas of forest in the CH RFA Area, which are proposed for ~~logging~~ forestry operations.
- 6.1 The Timber Release Plan includes a number of maps and a schedule, which together identify the areas proposed for ~~logging~~ forestry operations as individual “coupes”, each of which coupes is designated by an identification number.
- 6.2 The Timber Release Plan maps designate, among other things, the boundary, location and identification number of each coupe.
- 6.3 The Timber Release Plan schedule designates, among other things:
- (a) each coupe identification number;

- (b) the net area in hectares expected to be logged within each coupe boundary;
 - (c) the method of logging that will be used in each coupe, termed the “silviculture system”;
 - (d) the nominated period in which forestry operations are logging is proposed in each coupe; and
 - (e) the operational status of each coupe, indicating either that logging has been completed, that logging has commenced but not completed or that logging has not yet commenced.
7. On 5 January 2017, VicForests published:
- 7.1 Notice of the “Timber Release Plan Change”, as approved by VicForests, in the Victoria Government Gazette; and
 - 7.2 the Timber Release Plan maps and schedule on the VicForests website.
8. The identification of coupes proposed for logging forestry operations in the CH RFA Area by preparation of the Timber Release Plan constitutes an action for the purposes of the *Environment Protection and Biodiversity Conservation Act 1999* (Cth) (the **EPBC Act**) (“an action”).

Coupes that have been clear-felled

9. Between 2004 and 2017, VicForests ~~clear-felled~~ conducted forestry operations in the following coupes within the CH RFA Area which are identified in the Timber Release Plan:

Nolans Gully logged coupes

- 9.1 297-511-0001 (Blowhard Dam);
- 9.2 297-511-0003 (Crawler);

Leadbeater's Possum and Greater Glider are listed threatened species under the EPBC Act

11. The CH RFA Area is the home to, among other species of fauna, populations of Leadbeater's Possum (*Gymnobelideus leadbeateri*) and Greater Glider (*Petauroides Volans*).

Particulars

- (a) Sightings of the Leadbeater's Possum in the CH RFA Area are recorded in a Geographic Information System (GIS) file maintained by the Victorian Government Department of Environment, Land, Water and Planning carrying the filename "LBPAG_SITES_CHRFA" and which can be viewed on the internet at the Victorian Government website titled "Leadbeater's Possum Interactive Map" located at lbp.cerdi.edu.au/possum_map.php.
- (b) Sightings of the Greater Glider in the CH RFA Area have been recorded by observers in video footage, still photographs and by the recording of sighting locations of Greater Gliders on handheld Global Positioning System (GPS) devices, creating a point location GIS file.

Records of the sightings of the Greater Glider in the CH RFA Area may be inspected at the office of the Applicant's solicitor during standard business hours.

- (c) Some sightings of the Greater Glider in the CH RFA Area are recorded in two GIS files maintained by the Victorian Government Department of Environment, Land, Water and Planning carrying the filenames "VBA_FAUNA25" and "VBA_FAUNA100" and which can be obtained via the Victorian Government website located at www.data.vic.gov.au.
12. On 11 July 2000, the Minister for the Environment and Heritage declared Leadbeater's Possum to be listed as a threatened species in the endangered category by declaration under s 178 of the EPBC Act.
 13. On 22 April 2015, the Minister for the Environment approved a conservation advice and transferred the Leadbeater's Possum to the critically endangered category under the EPBC Act, with effect from 2 May 2015.
 14. ~~On 25 May 2016,~~ The Minister for the Environment;

- 14.1 on 2 May 2016, included the Greater Glider in the list of as a threatened species in the vulnerable category under s 178 of the EPBC Act; and
- 14.2 on 2 May 2016, approved a conservation advice for the species which was in effect from 5 May 2016 until about 24 May 2016;
- 14.3 on 25 May 2016 approved, by delegate, a conservation advice for the species in effect since that date.

14A. On 14 June 2017, the Greater Glider was specified as a threatened taxon in the list under s 10 of the *Flora and Fauna Guarantee Act 1988* (Vic) (FFG Act).

15. In consequence of the listing of the Leadbeater's Possum as a threatened species in the endangered, and critically endangered, categories under the EPBC Act, the taking of an action that is likely to have a significant impact on the Leadbeater's Possum is prohibited by s 18(2)(b) of the EPBC Act unless:
- 15.1 there is an approval in place for that action under Part 9 of the EPBC Act: s 19 of the EPBC Act; or
- 15.2 the action is a Regional Forest Agreement forestry operation undertaken in accordance with a Regional Forest Agreement (RFA): s 38(1) of the EPBC Act and s 6(4) of the *Regional Forest Agreements Act 2002* (Cth) (the RFA Act).
16. In consequence of the listing of the Greater Glider as a threatened species in the vulnerable category under the EPBC Act, the taking of an action that is likely to have a significant impact on the Greater Glider is prohibited by s 18(4)(b) of the EPBC Act unless:
- 16.1 there is an approval in place for that action under Part 9 of the EPBC Act: s 19 of the EPBC Act; or
- 16.2 the action is a RFA forestry operation undertaken in accordance with a RFA: s 38(1) of the EPBC Act and s 6(4) of the RFA Act.

Past forestry operations have, are, or are logging has, is or is likely to have a significant impact on the Leadbeater's Possum

17. Forestry operations in ~~The logging of~~ each of the logged coupes was an action.

17A. Forestry operations in some or all of the logged coupes was an action.

18. The logging of the Nolan's Gully logged coupes 9.1 and 9.2:

18.1 has had,

18.2 is having,

18.3 is likely to have,

a significant impact on the Leadbeater's Possum.

Particulars

~~There is a real chance that the logging of these coupes has, is or is likely to:~~

- ~~(a) lead to a long term decrease in the size of the population of the Leadbeater's Possum;~~
- ~~(b) reduce the area of occupancy of the Leadbeater's Possum;~~
- ~~(c) fragment an existing population of Leadbeater's Possum into two or more populations;~~
- ~~(d) adversely affect habitat critical to the survival of the Leadbeater's Possum;~~
- ~~(e) disrupt the breeding cycle of Leadbeater's Possums;~~
- ~~(f) modify, destroy, remove, isolate, or decrease the availability or quality of habitat to the extent that the Leadbeater's Possum is likely to decline;~~
- ~~(g) interfere with the recovery of the Leadbeater's Possum.~~

19. The logging of the Coles Creek logged coupes 9.3 and 9.4:

19.1 has had,

19.2 is having,

19.3 is likely to have,

~~a significant impact on the Leadbeater's Possum.~~

Particulars

~~The Applicant refers to and repeats the particulars at paragraph 18 above, and says that the particulars apply to the Coles Creek logged coupes 9.3 and 9.4.~~

20. ~~The logging of the Kalatha Creek logged coupe 9.7:~~

20.1 has had,

20.2 is having,

20.3 is likely to have,

~~a significant impact on the Leadbeater's Possum.~~

Particulars

~~The Applicant refers to and repeats the particulars at paragraph 18 above, and says that the particulars apply to the Kalatha Creek logged coupe 9.7.~~

Past and scheduled forestry operations are likely to have a significant impact on the Leadbeater's Possum and Greater Glider

105A. Forestry operations in some or all of the Logged Leadbeater's Possum Coupes and Scheduled Leadbeater's Possum Coupes is an action.

105B. Forestry operations in some or all of the Logged Leadbeater's Possum Coupes and Scheduled Leadbeater's Possum Coupes have, will, or are likely to have a significant impact on the Leadbeater's Possum.

Particulars

There is a real chance that forestry operations in some or all of the Logged Leadbeater's Possum Coupes and Scheduled Leadbeater's Possum Coupes have, will or are likely to:

- (a) lead to a long-term decrease in the size of the population of Leadbeater's Possum;
- (b) reduce the area of occupancy of Leadbeater's Possum;
- (c) fragment an existing population of Leadbeater's Possum into two or more populations;
- (d) adversely affect habitat critical to the survival of Leadbeater's Possum;
- (e) disrupt the breeding cycle of Leadbeater's Possums;
- (f) modify, destroy, remove, isolate, or decrease the availability or quality of habitat to the extent that Leadbeater's Possum is likely to decline;
- (g) interfere with the recovery of the Leadbeater's Possum;
- (h) have an impact that is important, notable or of consequence for the Leadbeater's Possum, having regard to its context and intensity, and the sensitivity, value and quality of the environment being impacted.

105C. Forestry operations in some or all of the Logged Glider Coupes and scheduled coupes is an action.

105D. Forestry operations in some or all of the Logged Glider Coupes and scheduled coupes have, will, or are likely to have a significant impact on the Greater Glider.

Particulars

There is a real chance that these forestry operations in some or all of the Logged Glider Coupes and scheduled coupes have, will or are likely to:

- (a) lead to a long-term decrease in the size of an important population of Greater Glider;
- (b) reduce the area of occupancy of an important population of Greater Glider;
- (c) fragment an important population of Greater Glider into two or more populations;
- (d) adversely affect habitat critical to the survival of the Greater Glider;
- (e) disrupt the breeding cycle of an important population of Greater Gliders;
- (f) modify, destroy, remove, isolate, or decrease the availability or quality of habitat to the extent that the Greater Glider is likely to decline;
- (g) interfere substantially with the recovery of the Greater Glider;
- (h) have an impact that is important, notable or of consequence for the Greater Glider, having regard to its context and intensity, and the sensitivity, value and quality of the environment being impacted.

No approval under Part 9 of the EPBC Act

106. At the time of the forestry operations in logging of the logged coupes, there was no approval in operation under Part 9 of the EPBC Act for the forestry operations harvesting of trees in the logged coupes.

107. There is no approval in operation under Part 9 of the EPBC Act for forestry operations the harvesting of trees in the scheduled coupes.

Logging is not in accordance with a Regional Forestry Agreement

108. On 27 March 1998, the State of Victoria and the Commonwealth of Australia entered into the Central Highlands Regional Forest Agreement (the CH RFA) in respect of the CH RFA Area.
109. The CH RFA is a RFA for the purpose of the RFA Act.
110. The forestry operations in logging of the logged coupes ~~was a~~ were forestry operations for the purposes of the RFA Act.
111. The proposed forestry operations in logging of the scheduled coupes ~~is a~~ are forestry operations for the purposes of the RFA Act.
112. The:
- 112.1 ~~logging of the logged coupes; and~~
- 112.2 ~~the proposed logging of the scheduled coupes~~
- ~~was not, and is not, in accordance with the CH RFA.~~

Particulars

- (a) ~~Clause 5 of the CH RFA provides that the CH RFA will remain in force for 20 years. The expiry date for the CH RFA is 27 March 2018.~~
- (b) ~~Clause 36 of the CH RFA provides that, every five years, a review of the performance of the CH RFA will be undertaken.~~
- (c) ~~The first five-yearly review for the CH RFA, which was due to be undertaken by 27 March 2003;~~
- (i) ~~has not been undertaken; or~~
- (ii) ~~alternatively, was not undertaken until in or about June 2015.~~
- (d) ~~The second five-yearly review for the CH RFA, which was due to be undertaken by 27 March 2008;~~
- (i) ~~has not been undertaken; or~~

- (ii) ~~alternatively, was not undertaken until in or about June 2015.~~
- (e) ~~The third five-yearly review for the CH RFA, which was due to be undertaken by 27 March 2013, has not been undertaken.~~
- (f) ~~In consequence of the failure to undertake:~~
 - (i) ~~the first and second five-yearly reviews until in or about June 2015 for the CH RFA; or~~
 - (ii) ~~the first, second, and third five-yearly reviews for the CH RFA; or~~
 - (iii) ~~the third five-yearly review for the CH RFA,~~
- ~~forestry operations in the CH RFA Area:~~
 - (iv) ~~have not been undertaken in accordance with the CH RFA since:~~
 - (i) ~~27 March 2003; or~~
 - (ii) ~~27 March 2008; or~~
 - (iii) ~~27 March 2013;~~
 - (v) ~~are not now being undertaken in accordance with the CH RFA; and~~
 - (vi) ~~cannot in the future be undertaken in accordance with the CH RFA.~~

113. Because the:

113.1 ~~logging of the logged coupes; and~~

113.2 ~~the proposed logging of the scheduled coupes;~~

~~is not in accordance with the CH RFA, those forestry operations are not exempt from the application of Part 3 of the EPBC Act, pursuant to either s 38(1) of the EPBC Act or s 6(4) of the RFA Act.~~

113A. Forestry operations in ~~The logging of:~~

113A.1 each of the Logged Glider Coupes; or, alternatively

113A.2 some or all of the Logged Glider Coupes ~~as a whole~~;

was not in accordance with cl 47 of the CH RFA because:

113A.3 in each of the Logged Glider Coupes; or, alternatively

113A.4 in some or all of the Logged Glider Coupes ~~as a whole~~;

VicForests failed to comply with cl 2.2.2.2 of the *Code of Practice for Timber Production 2014* (the Code).

Particulars

- (a) Clauses 33 and 40 of the CH RFA require forestry operations to be conducted in accordance with those processes and systems that are accredited under cl 47 of the CH RFA.
- (b) Clause 47 of the CH RFA accredits, amongst other components, the Code.
- (c) At all material times, cl 2.2.2.2 of the Code required VicForests to apply the precautionary principle to the conservation of biodiversity values consistent with relevant monitoring and research that has improved the understanding of the effects of forest management on forest ecology and conservation values.
- (d) Although the Greater Glider has been included as a threatened species in the vulnerable category under the EPBC Act and in the threatened list under the FFG Act (see paragraphs 14-14A above):
 - (i) the Secretary to the Department of Environment, Land, Water and Planning has failed to prepare an Action Statement for the Greater Glider;
 - (ii) the Minister for the Environment has not made or adopted a Recovery Plan for the Greater Glider; and
 - (iii) the *Management Standards and Procedures for Timber Harvesting Operations in Victoria's State Forests 2014* (the

Management Standards and Procedures) do not specify any conservation measures or prescriptions for the Greater Glider in the Central Highlands RFA area.

- (e) It was and remains probable or seriously possible that the logging of each, some or all of the Logged Glider Coupes, ~~individually or, alternatively, as a whole,~~ posed and continues to pose a threat of serious or irreversible damage to the Greater Glider and there was and remains scientific uncertainty as to that threat.
- (f) VicForests has failed to take a precautionary approach to its timber harvesting operations in coupes in the Central Highlands RFA Area in which the Greater Glider is present because:
- (i) VicForests has not conducted detection activities or surveys or adequate detection activities or surveys for the Greater Glider in all or any of the Logged Glider Coupes; or
 - (ii) VicForests has not specified any timber harvesting prescriptions to protect the Greater Glider consequent upon the detection or report of a detection of Greater Glider in all or any of the Logged Glider Coupes;
 - (iii) VicForests has failed to act on reports that the Greater Glider is present in all or any of the Logged Glider Coupes;
 - (iv) VicForests has not specified any timber harvesting prescriptions to protect the Greater Glider in all or any of the Logged Glider Coupes:
 - A. at all;
 - B. proportionate to the threat posed by timber harvesting operations.
 - (v) VicForests' "Interim Greater Glider Conservation Strategy" does not require in coupes in the Central Highlands RFA area:

- A. detection activities or surveys for the Greater Glider;
- B. the application of timber harvesting prescriptions for the Greater Glider:
 - 1. at all;
 - 2. upon detection of the presence of a Greater Glider; or
 - 3. at all within Ash forest; or
 - 4. proportionate to the threat posed by timber harvesting operations.

113B. Forestry operations in ~~The logging of~~ the Skerry's Reach coupe were ~~was~~ not in accordance with cl 47 of the CHRFA because VicForests failed to comply with cl 2.2.2.4 of the Code.

Particulars

- (a) The applicant refers to and repeats paragraphs (a) and (b) of the Particulars to paragraph 113A above.
- (b) At all material times, cl 2.2.2.4 of the Code required VicForests to identify biodiversity values listed in the Management Standards and Procedures and "address risks to these values through management actions consistent with the Management Standards and Procedures".
- (c) VicForests failed to identify mature Tree Geebungs in Skerry's Reach coupe and, contrary to 4.3 of the Management Standards and Procedures, read with the prescriptions for the Central Highlands FMA in Appendix 3, Table 14, failed to protect those mature Tree Geebungs from disturbance when logging Skerry's Reach coupe where it was possible to do so.

113C. Forestry operations in ~~The logging of~~ the Blue Vein coupe were ~~was~~ not in accordance with cl 47 of the CHRFA because VicForests failed to comply with cl 2.2.2.4 of the Code.

Particulars

- (a) The applicant refers to and repeats paragraphs (a) and (b) of the Particulars to paragraph 113B above.
- (b) VicForests failed to identify an area of Leadbeater's Possum Zone 1A habitat in the Blue Vein coupe and, contrary to el 4.2 of the Management Standards and Procedures, failed to follow el 2.1.1.3 of the Management Standards and Procedures by applying to the Secretary to the Department of Environment, Land, Water and Planning to create a special protection zone that includes the Zone 1A habitat in accordance with Appendix 5 of the Planning Standards prior to commencing logging the Blue Vein coupe.

113D. Forestry operations in ~~The logging of~~ the Hairy Hyde coupe ~~was~~ not in accordance with el 47 of the CH RFA because VicForests failed to comply with cl 2.2.2.4 of the Code.

Particulars

- (a) The applicant refers to and repeats paragraphs (a) and (b) of the Particulars to paragraph 113B above.
- (b) VicForests failed to identify Leadbeater's Possum colony within the Hairy Hyde coupe, and contrary to clause 4.2 of the Management Standards and Procedures, failed to follow cl 2.1.1.3 of the Management Standards and Procedures, by applying to the Secretary to the Department of Environment, Land, Water and Planning to create a special protection zone for the colony in accordance with Appendix 5 of the Planning Standards prior to commencing logging the Hairy Hyde coupe.

113E. Forestry operations in any, some or all ~~The logging of each~~ of the logged coupes other than Blue Vein, Hairy Hyde, Tarzan, Rowels, the Cambarville logged coupes and Swing High (the 113E coupes) ~~were was~~ not in accordance with cl 47 of the CH RFA because VicForests failed to comply, in planning and conducting those forestry operations ~~that logging~~, with:

113E.1 cl 2.3.1.1; and

113E.2 cl 2.5.1.1 of the Code.

Particulars

- (a) The applicant refers to and repeats Particulars (a) and (b) to paragraph 113A above.
- (b) At all material times cl 2.3.1.1 of the Code required VicForests to plan all timber harvesting operations to meet the requirements of the Code and the Management Standards and Procedures.
- (c) At all material times, cl 2.5.1.1 of the Code required VicForests to plan and manage timber harvesting operations in compliance with relevant coupe management measures specified in the Management Standards and Procedures.
 - (i) At all material times, cl 5.3.1.5 of the Management Standards and Procedures required VicForests to screen timber harvesting operations (except selective harvesting operations) by using a minimum 20-metre vegetation buffer.
 - (ii) At all material times, cl 7.1.2.1(e) of the Management Standards and Procedures required that timber harvesting operations must be excluded from exclusion areas created in accordance with the Management Standards and Procedures.
 - (iii) At all material times, the Code's definition of "exclusion areas" (which is adopted by the Management Standards and Procedures) has been "an area within the GMZ or SMZ where timber harvesting operations are excluded in accordance with this Code".
 - (iv) The 113E coupes are within the GMZ.

- (d) In the 113E coupes, VicForests failed to screen timber harvesting operations and new road alignments from view with a 20m vegetation buffer.
- (e) VicForests therefore:
 - (i) failed to plan and manage timber harvesting for the 113E coupes in accordance with cl 5.3.1.5 of the Management Standards and Procedures; and
 - (ii) failed to exclude timber-harvesting operations from the exclusion areas created for the 113E coupes in accordance with cl 7.1.2.1(e) of the Management Standards and Procedures.

113F. Forestry operations in any, some or all ~~The logging of each~~ of the De Valera coupe, the Ginger Cat coupe, the Greendale coupe, the Professor Xavier coupe and the Rubicon logged coupes (together, the 113F coupes) were ~~was~~ not in accordance with cl 47 of the CH RFA because VicForests failed to comply with cl 2.2.2.1 of the Code.

Particulars

- (a) The applicant refers to and repeats paragraphs (a) and (b) of the Particulars to paragraph 113A above, and paragraph (c) of the Particulars to paragraph 113B above.
- (b) At all material times, cl 2.2.2.1 of the Code required VicForests plan and manage timber harvesting operations in compliance with relevant biodiversity conservation measures specified within the Management Standards and Procedures.
- (c) Contrary to cl 4.1.4.4 of the Management Standards and Procedures, there are gaps between retained vegetation in each of the 113F coupes that are greater than 150m.

113G. Because the forestry operations in any, some or all logging of the coupes alleged in paragraphs 113A to 113F above was not in accordance with the CH RFA, those forestry operations were not exempt from the application of Part 3 of the EPBC Act, pursuant to either s 38(1) of the EPBC Act or s 6(4) of the RFA Act.

113H. The proposed forestry operations in logging of:

113H.1 each of the scheduled coupes; or

113H.2 some or all of the scheduled coupes,

are ~~is~~ not in accordance with cl 47 of the CH RFA because in:

113H.3 each scheduled coupe; or

113H.4 some or all of the scheduled coupes.

VicForests has failed, and will fail, to comply with cl 2.2.2.2 of the Code.

Particulars

The Applicant refers to and repeats the particulars to paragraph 113A above, and says that those particulars apply to any, some or all of the scheduled coupes.

113I. Because the proposed forestry operations in any, some or all logging of the scheduled coupes alleged in paragraph 113H ~~are is~~ not in accordance with the CH RFA, those forestry operations are not exempt from the application of Part 3 of the EPBC Act, pursuant to either s 38(1) of the EPBC Act or s 6(4) of the RFA Act.

Past logging is a contravention of the EPBC Act

114. ~~By reason of the matters in paragraphs 9, 11-13, 17-29, 106, 108-113 above, the logging of each of the logged coupes was a contravention of:~~

114.1 ~~s-18(2)(b) of the EPBC Act; and~~

114.2 ~~s-18(4)(b) of the EPBC Act.~~

115. ~~By reason of the matters in paragraphs 9, specifically 9.5, 9.6, 9.12-9.15, 9.17, 9.18, 9.20, 9.26, 9.30, 9.32-9.36, 11-14, 17, 22, 24, 25, 27, 29-29B, 31-39C, 106, 108-110, 113A and 113G above, the logging of each of the logged Glider coupes was a contravention of:~~

115.1 ~~s-18(2)(b) of the EPBC Act; and~~

115.2 ~~s-18(4)(b) of the EPBC Act.~~

115AA. By reason of the matters in paragraphs 3-5, 9.12, 9.17, 9.18, 9.20, 9.26, 9.32, 9.35, 9.36, 11, 13, 14, 14A, 15, 17, 22-29C, 106, 108-110, 113A and 113G above, VicForests' conduct of forestry operations in each of the coupes described at paragraphs 9.12, 9.17, 9.18, 9.20, 9.26, 9.32, 9.35, 9.36 was a contravention of s 18(2)(b) of the EPBC Act.

115AB. By reason of the matters in paragraphs 3-5, 9.5, 9.6, 9.12-9.15, 9.17-9.18, 9.20, 9.26, 9.30, 9.32-9.36, 11, 14, 14A, 16, 31, 32-39C, 106, 108-110, 113A and 113G above, VicForests' conduct of forestry operations in each of the Logged Glider Coupes was a contravention of s 18(4)(b) of the EPBC Act.

115AC. By reason of the matters in paragraphs 3-5, 9.12, 9.17, 9.18, 9.20, 9.26, 9.32, 9.35, 9.36, 11, 13, 14, 14A, 15, 17A, 30, 106, 108-110, 113A and 113G above, VicForests' conduct of forestry operations in some or all of the coupes described at paragraphs 9.12, 9.17, 9.18, 9.20, 9.26, 9.32, 9.35, 9.36 was a contravention of s 18(2)(b) of the EPBC Act.

115AD. By reason of the matters in paragraphs 3-5, 9.5, 9.6, 9.12-9.15, 9.17-9.18, 9.20, 9.26, 9.30, 9.32-9.36, 11, 14, 14A, 16, 31A, 40, 106, 108-110, 113A and 113G above, VicForests' conduct of forestry operations in some or all of the Logged Glider Coupes was a contravention of s 18(4)(b) of the EPBC Act.

~~115A. By reason of the matters in paragraphs 9, specifically 9.36, 11, 13, 14, 17, 29B, 39C, 106, 108-110, 113B and 113G above, the logging of the Skerry's Reach coupe was a contravention of:~~

~~115A.1 s 18(2)(b) of the EPBC Act; and~~

~~115A.2 s 18(4)(b) of the EPBC Act.~~

115AE. By reason of the matters in paragraph 3-5, 9.36, 11, 13, 15, 17, 29B, 106, 108-110, 113B and 113G above, VicForests' conduct of forestry operations in the Skerry's Reach coupe were a contravention of s 18(2)(h) of the EPBC Act.

115AF. By reason of the matters in paragraph 3-5, 9.36, 11, 14, 16, 31, 39C, 106, 108-110, 113B and 113G above, VicForests' conduct of forestry operations in the Skerry's Reach coupe was a contravention of s 18(4)(b) of the EPBC Act.

~~115B. By reason of the matters in paragraphs 9, specifically 9.18, 11-14, 15-17, 24, 35, 106, 108-110, 113C and 113G above, the forestry operations in logging of the Blue Vein coupe were was a contravention of:~~

~~115B.1 s 18(2)(b) of the EPBC Act; and~~

~~115B.2 s 18(4)(b) of the EPBC Act.~~

115BA. By reason of the matters in paragraphs 3-5, 9.18, 11, 13, 15, 17, 24, 106, 108-110, 113C and 113G above, VicForests' conduct of forestry operations in the Blue Vein coupe was a contravention of s 18(2)(b) of the EPBC Act.

115BB. By reason of the matters in paragraphs 3-5, 9.18, 11, 14, 16, 31, 35, 106, 108-110, 113C and 113G above, VicForests' conduct of forestry operations in the Blue Vein coupe was a contravention of s 18(4)(b) of the EPBC Act.

~~115C. By reason of the matters in paragraphs 9, specifically 9.20, 11-14, 15-17, 25, 36, 106, 108-110, 113D and 113G above, the forestry operations in logging of the Hairy Hyde coupe were was a contravention of:~~

~~115C.1 s 18(2)(b) of the EPBC Act; and~~

~~115C.2 s 18(4)(b) of the EPBC Act.~~

115CA. By reason of the matters in paragraphs 3-5, 9.20, 11, 13, 15, 17, 25, 106, 108-110, 113D and 113G above, VicForests' conduct of forestry operations in the Hairy Hyde Coupe was a contravention of s 18(2)(b) of the EPBC Act.

115CB. By reason of the matters in paragraphs 3-5, 9.20, 11, 14, 16, 31, 36, 106, 108-110, 113D and 113G above, VicForests' conduct of forestry operations in the Hairy Hyde Coupe was a contravention of s 18(4)(b) of the EPBC Act.
